V o r w o r t.

Wir übergeben hiermit dem Publikum das von dem unterzeichneten Secretair des Jockey-Club für Norddeutschland zusammengestellte »Norddeutsche Gestütbuch« und glauben, dadurch einem bei der fortwährend sich mehrenden Zahl von Vollblutpferden dringend gefühlten Bedürfnisse abzuheffen, indem man nun in einem Bande finden wird, was man bisher aus den nach den heterogensten Principien zusammengestellten Vollblut-Verzeichnissen der verschiedenen Staaten mühsam zusammensuchen mußte.

Unseren wiederholt ausgesprochenen Grundsätzen gemäß konnten hierin nur solche Pferde Aufnahme finden, deren Abstammung, von väterlicher sowohl als mütterlicher Seite, ohne den geringsten Zweifel auf das englische General Stud-Book zurückgeführt werden kann.

Bei der Dürftigkeit der vorhandenen Materialien und bei der meistens sehr schwierigen Beschaffung der nöthigen Aufklärungen werden kleine Unvollkommenheiten fast unausbleiblich sein; wir bitten daher, bei Beurtheilung dieses ersten Versuchs eine gütige Nachsicht zu üben; jede berichtigende Notiz wird mit Dank von uns entgegengenommen und bei Herausgabe späterer Bände gewissenhaft benutzt werden.

Wenn aus den Königl. Dänischen Provinzen nur sehr wenige Pferde aufgeführt sind, so liegt in diesem Falle, wie

vielleicht bei mancher andern Auslassung die Schuld keineswegs an dem Verfasser, sondern nur allein an den Besitzern der Vollblutpferde, welche, ungeachtet wiederholter Aufforderungen, unterlassen haben, Notizen über die in ihrem Besitz befindlichen einzusenden, wobei wir zu beachten bitten, daß ein öffentliches Verzeichniß der im Dänischen Staate befindlichen Vollblutpferde seit sechs Jahren nicht mehr erschienen ist.

In der ersten Abtheilungen sind alle diejenigen Hengste aufgeführt, welche aus England eingeführt wurden; die in Norddeutschland gezogenen dagegen sind bei ihren Müttern zu finden. Die Aufnahme sämmtlicher in Norddeutschland befindlich gewesenen Vollblutpferde, selbst der bereits gestorbenen, in soweit sie überhaupt zu unserer Kenntniß gekommen und nachzuweisen sind, hielten wir für durchaus nothwendig, wenn, wie wir wünschen, dies erste Verzeichniß der Vollblutzucht Norddeutschlands als historische Grundlage dienen soll.
